PROFESSIONAL SUMMARY

Motivated B.Sc. Computer Science graduate specialized in Java Full Stack Development. Proficient in architecting and building scalable web applications using Java, Spring Boot, MySQL, and React. Strong command over RESTful APIs, MVC Architecture, and Database Management. Eager to leverage hands-on development skills to contribute to high-impact software projects within a dynamic team.

EDUCATION

Annai Violet Arts and Science College — Chennai, Tamil Nadu
B.Sc. Computer Science — Affiliated to University of Madras — 2022 – 2025

- CGPA: 7.61 (First Class)

Singaram Pillai Higher Secondary School — Villivakkam, Chennai
Higher Secondary Certificate (HSC*)* — 2021 – 2022

TECHNICAL SKILLS

Programming Languages: Java, SQL, JavaScript, HTML, CSS

Frameworks & Libraries: Spring Boot, React, Hibernate

Core Concepts: OOP, Exception Handling, JDBC, CRUD Operations, Database Integration

Web & API Technologies: RESTful APIs, JSON, MVC Architecture

Developer Tools: Eclipse, VS Code, Postman, Git, GitHub, MySQL Workbench, Figma

PROJECTS

Expense Tracker Application | Java, Spring Boot, MySQL — Jan 2025

- Developed a full-stack expense management system with Spring Security authentication and REST APIs handling 50+ test transactions.
- Integrated RESTful APIs for seamless front-end/back-end communication and created dynamic visualizations for monthly expenditure.
- Designed and implemented CRUD operations with optimized MySQL queries, improving data retrieval efficiency and ensuring secure transaction handling.

Employee Management System | Spring Boot, MySQL, Postman — Dec 2025

- Architected a backend system using layered architecture and robust REST APIs to manage employee records.
- Optimized data retrieval using JPA/Hibernate and conducted rigorous API testing via Postman to ensure reliability.

Weather Forecasting Application | JavaScript, Metro API, CSS — Oct 2025

- Developed a real-time dashboard fetching global climatic data via asynchronous Fetch API with dynamic UI updates.
- Designed a clean, dynamic UI that updates background visuals based on the current weather conditions.

INTERNSHIP

Inspire Softech Solutions — Chennai, Tamil Nadu
Machine Learning Intern — June 2024

- Completed a two-week industrial training program focused on foundational Artificial Intelligence concepts and Python.
- Gained foundational knowledge in Artificial Intelligence and explored advanced Machine Learning algorithms.
- Participated in technical sessions organized by industry experts to understand real-world AI applications.

CERTIFICATIONS & ACHIEVEMENTS

- Greens Technology | Full Stack Development Course covering Frontend & Backend technologies | June 2025 – Jan 2026
- Research Rendezvous | National Level E-Quiz Participant on emerging technologies | Aug 2024
- Loyola College | Participated in Workshop on Advanced AI Tools for Educators & Researchers | Aug 2022
- Tech Monks | Participated in HTML & CSS Bootcamp covering Full Stack roadmaps | Dec 2025
